#### FUNERAL OF WILLIAM GROUT. Will be Buried by County - Was an Interesting Character.

Provo, Utah Co., Nov. 7.—William Grout, whose death was announced in yesterday's "News," will be buried Friday. Services will be held in the Second ward meeting house commencing at 1 o'clock. The expenses of the funeral will be defrayed by the county under the act passed by the last legislature providing for the burial of islature providing for the burial of honorably discharged United States soldiers who die without sufficient means to pay for their burial.

Mr. Grout came here with Johnston's

Desert army, and joined the Church; he after-twenty-wards went to California and in 1862 enlisted in Company I, second regi-received. ment California volunteers, (Capt. John B. Urmay), and was discharged January 22, 1865. He then went East and a few years later returned to Utah. There is quite a general opinion among those who were best acquainted with Mr. Grout that he has money; he had several thousand dollars when he came to Utah, and he has always been in-fustrious and frugal, and his friends be leve he has money deposited in some of the Salt Lake banks, but no evidefice of any such deposit has been found among any of his papers. Mr. Phil Beesley, with whom he has made

his home, when in Provo, for several years (and who went to Lake Shore when he learned that Mr. Grout was sick, and brought the body to Provo yesterday), is strongly of the opinion that he left quite an amount of money somewhere. The deceased, however, owed some small debts around town at the time of his death and has been owing them for some time. This would be quite contrary to his usual practice if he had money. He also told a Provo acquaintance some months ago that he had lost money in a business venture. The statement in yesterday's "News" to the effect that "he is said to have been very generous with those in need" would probably be nearer correct if it had read that "he was liberal in his contributions to the Church." He was very retired and uncommunicative, but was a man of wide information, and a very interesting talker, when among friends and he was drawn into con-versation about things he had experienced and observed in his travels. He had visited many lands in his youth as a sailor, and had observed and remembered much of interest in regard to the manners, customs and condi-lions of civilized and uncivilized peo-ples with whom he had come in con-

Although the locals feel confident of winning the game they are not a little worried over the mysterious attitude of the Loganites. Nothing can be learned of their daily work beyond the fact that Coach Dick Richards is working hard with them every day, Dick is very anxious to give the boys on the hill a severe drubbing and he refuses to let any word get out as to the nature of work his boys are doing in preparation for the game. It is said filehards has a number of new plays which, if properly executed, are sure to disconsert the 'Varsity men.
